

The Bipartisan Infrastructure Law allows EPA to prioritize certain applicants in the Clean School Bus (CSB) Program. Applicants requesting funds to replace school buses that serve a school district that meets one or more of the following prioritization criteria below will be offered more funding per bus and receive preference in the selection process in the 2022 Clean School Bus Rebates¹:

1. High-need school districts and low-income areas including:
 - a. School districts listed in the [Small Area Income and Poverty Estimates \(SAIPE\) School district Estimates for 2020](#) as having 20% or more students living in poverty*; and
 - b. School districts located in the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.
2. Rural Districts:
 - a. School districts identified with locale codes “43-Rural: Remote” and “42-Rural: Distant” in the [National Center for Education Statistics \(NCES\)](#) data for school year 2020-21.
3. Bureau of Indian Affairs funded school districts, as listed on <https://www.bie.edu/schools/directory>.
4. School districts that receive basic support payments under section 7703(b)(1) of title 20 for children who reside on Indian land.

*Most public charter school districts are excluded from this dataset. These districts are not included in the prioritized list below, but may be prioritized if they self-certify that 20% or more of their students are from families with income below the poverty line on their application.

Below is a list of prioritized school districts for the 2022 CSB Rebate Program. This is not the complete list of all *eligible* applicants, only those that are prioritized. This list is sorted alphabetically, first by State and then by District Name. For a sortable and filterable list with more information on prioritized school districts, including which priority criteria a school district is prioritized under, please see the excel file **2022-clean-school-bus-prioritized-applicant-list-2022-05.xlsx** posted to the website at:

<https://www.epa.gov/cleanschoolbus/school-bus-rebates-clean-school-bus-program>

Note, the District ID listed for each district is a unique ID, used by both NCES and SAIPE. You will need to know your District ID for the application process. If you do not know your District ID, use <https://nces.ed.gov/ccd/districtsearch/> to find out. There are several districts on this list that do not have District IDs. These districts have all been designated temporary alphanumeric District IDs (e.g., “BIE0001”), which applicants should use on their application if they choose to apply.

¹ The data sources used to determine prioritization are referenced in the 2022 Clean School Bus Rebates Program Guide.
