Legislative Alert: Jan. 22, 2015

Weigh in on discipline reporting requirements

To School Board Presidents and Superintendents:

We are working with Representative Lawrence (R) on a bill she is drafting that will, among other things, change the way school districts report certain discipline offenses. One of the changes contemplated by the draft bill will require schools to report on the use, possession or sale of marijuana. This would be in addition to the current reporting requirement around "use, possession, or sale of a drug or controlled substance on school grounds, in a school vehicle, or at a school activity or sanctioned event" (CRS 22-32-109.1(2)(b)(C)).

Please take 5 minutes to complete this [short survey](#) by Friday, January 30 and help us understand your interest in this data and the impact of this new reporting requirement on your district. Rep. Lawrence has requested this information, which we will compile and deliver to her on February 3, 2015.

If you have any questions with regard to this survey or the draft legislation, please contact Michelle Murphy, CASB's Advocacy Counsel, at mmurphy@casb.org.
