Legislative Alert: March 17, 2015

Take action to restore Amendment 23 funding

Legislative Alert: [Restore Amendment 23 Funding](#)

We're half way through the 2015 legislative session and school finance decisions are just around the corner. Unfortunately, the prospect of buying down the negative factor is not something lawmakers are talking about.

The \$200 million buy down of the negative factor promised by Gov. Hickenlooper seems to have been forgotten. In fact, the legislature passed a motion to keep the negative factor flat.

We need to let [lawmakers know how important this issue is to Colorado schools and kids](#). For two years in a row, CASB members have said that erasing the negative factor is our top priority.

[Please click on this link](#) to send an email message to your Colorado legislators in your district. Be sure to provide your name, zip code, email address and the board of education or school district you represent. We also encourage you to provide a personal message about the negative factor.

THERE IS STRENGTH IN NUMBERS! SHARE THIS ACTION ALERT WITH YOUR YOUR COLLEAGUES AND COMMUNITY MEMBERS AND URGE THEM TO DO THE SAME.
